MATURITY SYSTEM...

This session of Congress is facing a test of the seniority system, where the average age of Senate and House committee chairman is about 70. Some chairmen are about 80.

During a questioning of the system itself, Ted Kennedy, 38, lost his position as Democratic Whip in the Senate to Robert Byrd, 53, of West Virginia. It would seem this is a knock against those who "knock" the venerable habit of naming the senior congressman or senator on a committee to its chairmanship. He and Birch Bayh and other young Senators pushed for youth in the committee chairs, as well as open committee hearings.

NOW-NOW-NOW

The test, somehow, should not be age. Somehow, it should be mileage, not time in place.

We refer to the habit of responsible military leadership in time of war being elevated past dozens, even hundreds of senior officers, by date of rank or term of service, to top posts. Thus was Eisenhower named chief of the European Theatre in World War II, for example.

Our representative system of government is "at war" within its leadership and among its voters.

It is sacrosanct that age somehow is more wisdom and sagacity. But what of a technical and space age which demands computer-like precision in leadership as well as space flights? Are we getting it?

All younger men are not irresponsibly liberal because they want change that so obviously must come. Nor are all

older men irreconcilably conservative because they rank in terms of office served. The question is: "How was that tenure served?" Men are as old as their ideas; they are as seasoned as their experience and exposure; they are as old as their brain arteries are hard.

Would we send Werner Von Braun on a moonshot just because he has been building rockets longer than anyone else? No. We send youthful, intelligent, experienced test pilots who can take the gaff of hard discipline.

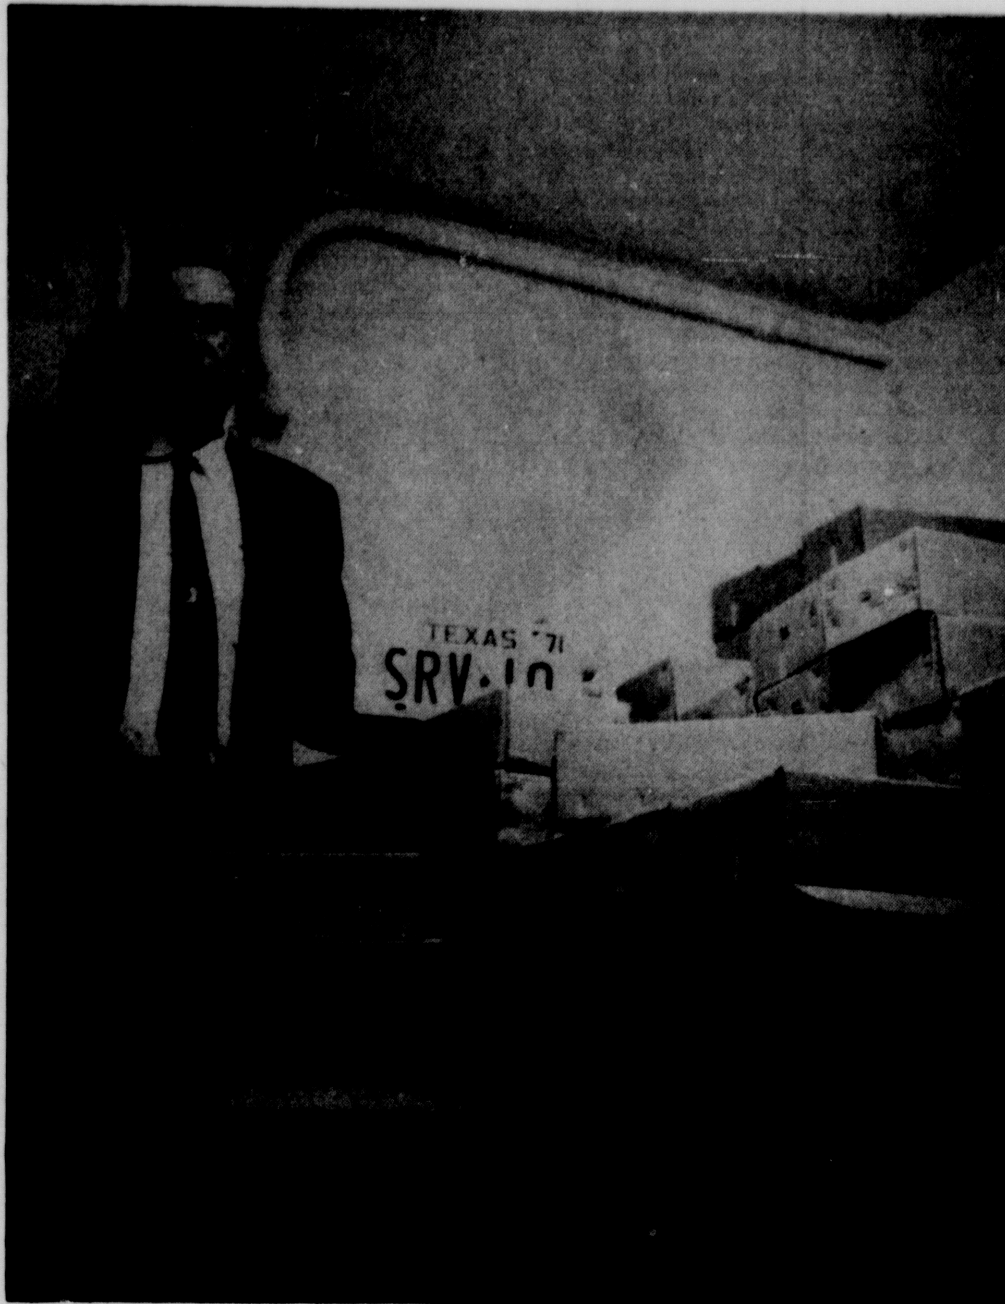

It is quite likely that people, meaning voters, want some younger men to make some mistakes in terms of responsible change at high committee posts in both houses. It is quite likely a bi-partisan effort of younger congressmen and senators will continue to test allegiance to seniority until it gives. Cloistered committee hearings are giving way to public hearings.

It is certain that people want change in representative government. More than "voting the rascals out" is at stake. A system is on trial.

First Candidate Files In CISD Trustee Election

Mrs. Reeves (Betsy) Brown has filed as a candidate in the April 3 Cameron Independent School District trustee election, according to Supt. D. R. Dodson.

Terms of two trustees, Calvin Cobb and Coleman Duncum, will expire in April. Filing deadline for candidates is March 3.

15,000 LICENSE PLATES, stacked almost ceiling high in the courthouse tax office, go on sale today. Valter White, Milam tax assessor-collector, shows one of the glow-in-the-dark black on white plates that will mark Texas autos this year. The '71 plates must be on cars by April 1. The license plates will be sold at the county tax office in Cameron, Gaither Motor Co. in Rockdale, Ideal Motor Co. in Thorndale, Varners Store in Gause and Davis Store in Sharp.

County Sees Increase In Court Cases

Cases disposed of in Milam County Court during 1970 were nearly double those of 1969, according to a report from County Atty. John B. Henderson Jr.

A total of 328 cases disposed of by the County Attorney last year compared to the 175 handled in County Court during 1969.

An increase in District Court cases was also evident with 54 disposed of in 1970 compared to 34 in 1969.

The greatest number of cases handled in County Court were for charges of driving while intoxicated (DWI) -- 167 cases, while burglary and theft cases headed the District Court list.

The County Attorney's report:

DISTRICT COURT

As of January 1, 1971, 39 cases were pending on the criminal docket of the District Court. The Grand Jury normally meets three times a year and returns approximately 12 to 15 felony indictments each time. The next session of the Grand Jury will be held in March.

Of the 54 cases disposed of in 1970, five charged possession of narcotics. Two defendants each drew two year terms in the Texas Department of Corrections at Huntsville. A four year probated sentence was assessed in two cases and one case was dismissed for insufficient evidence.

Fifteen burglary cases were handled by the County Attorney during 1970. Two defendants drew three year probated sentences and nine cases were dismissed for

insufficient evidence. Two defendants received a five-year term each in the penitentiary, one man drew a two-year term in the penitentiary, and one drew a two-year probated sentence.

One robbery case resulted in a three-year probated sentence.

Nine cases charging "injuring the property of another" were handled and these involved three young Bell County men. Each received one five-year probated sentence and the other cases against them were dismissed for insufficient evidence.

Three DWI indictments were disposed of this year. Two of these were cases which were dismissed in District Court and refiled as misdemeanors in County Court where the defendants were tried on the lesser charge. One DWI case resulted in a \$350 fine and a two-year term in county jail, which was probated.

Swindling with worthless check was the offense charged in one case which was dismissed when full restitution was made by the defendant. One defendant charged with theft by bailee was never located and for this reason his indictment was dismissed by the District Court.

Eight cases charging felony theft were disposed of: three cases where the defendants received a two-year probated sentence; two cases dismissed when restitution was made by defendants; two dismissed when defendants could not be located; and one dismissed for insufficient evidence.

Two attempted burglary cases were handled: one of these was dismissed for insufficient evidence and the other resulted in an 18-month probated sentence for the defendant.

Six forgery and passing cases were disposed: three defendants drew a four-year term in the Department of Corrections; one was given probation on restitution; one dismissed for insufficient evidence; one was reduced to a misdemeanor and handled in County Court.

One defendant charged with "theft by false pretext". This case was dismissed for insufficient evidence, as was the one case charging fraudulent removal of mortgaged property, and one charging a young defendant with murder without malice aforethought.

COUNTY COURT

Of the total 328 cases disposed of in County Court, 167 were for DWI. In 91 cases the defendant received a probated sentence; 63 were convicted without probation; seven were transferred to Justice Court; three dismissed when we were unable to locate defendants; two dismissed for insufficient evidence; and one dismissed where the defendant died while the case was pending.

Area Roundup

Auto Clutch Crashes House

HEARNE

A clutch plate from a passing car crashed through a dining room window of a house in Hearne, zoomed across the room, through an adjoining hall and into a bathroom where it crashed into a second window. The metal object traveled about 50 feet from the car through the Harry Sweaks home, Chris Jewel, owner of the car said the clutch had been repaired that week. The Sweaks were watching television in the living room of their home at the time of the accident.

30 Narcotics Indictments

BELTON

A Bell County grand jury returned 73 indictments last week, 30 on narcotics charges and 3 on murder. Thirty-one complaints concerning narcotics were no-billed. Twenty-five were indicted for unlawful possession of marijuana, one man was charged with unlawful possession of heroin and methedrine and two men were charged with unlawful sale of LSD.

Hospital Fund Tax-Exempt

ROCKDALE

The proposed \$1 million Richards Memorial Hospital in Rockdale has been approved by Internal Revenue Service to receive tax-exempt gifts for their building fund. An application for \$500,000 in Hill Burton funds is being prepared and plans are underway for a \$200,000 local fund drive for the 40 to 47 bed facility.

School Construction Starts

TRAVIS

A groundbreaking ceremony officially opened construction for the Rosebud-Lott Independent School District's new Advanced Learning Center for junior high and high school students at Travis, Saturday afternoon. Elevation and ground work has already been started at the building site of the \$1.3 million learning center.

Falling Steel Kills Worker

Otis D. Traylor, 47, of Marianna, Arkansas was killed Wednesday afternoon at the construction site of a new service station in Cameron.

Traylor was pronounced dead on arrival at a local hospital at 2:45 p.m. Justice of the Peace Jess Brock ruled accidental death following an inquest held a short time later.

The station is being constructed at the corner of 4th and Travis Sts. by Rayko Construction Co. of Houston. Traylor was a welder and had been in Cameron for three days when the accident occurred.

Witnesses at the scene told investigating officers that a steel beam being lifted by an A-frame truck fell on Traylor.

Among the witnesses was Traylor's 19-year-old son, also an employee of Rayko.

Traylor's left arm and right leg were broken and his chest crushed by the fall-

ing steel. His head was also cut, but one chest injuries were ruled as cause of death.

The body was taken to Marek-Burns-Laywell Funeral Home then flown to Oklahoma for funeral service and burial.

Alcoa School Tax Is Record

Alcoa's Rockdale Works made a record annual tax payment to the Rockdale Independent School District last week with a check for \$362,000 for 1970 taxes.

The school tax total was about \$26,000 higher than the 1969 payment because of additional construction at the Rockdale plant.

Alcoa paid a county ad valorem tax bill of \$181,000 for 1970.

Rogers Sets Evaluation Program

ROGERS

The Board of Trustees of the Rogers Independent School District has adopted the property tax evaluation program being undertaken in Bell County by Leland Duke, Bell County Tax Assessor and Collector.

Duke has given the Rogers Board permission to use his program in the school district, RISD Supt. B. F. Harbour said.

"As is well known in Bell County, Duke's tax equalization program is based on objective standards," Harbour said. The assessor uses a standard for determining the value of the property.

For example, he will not assess all land on a given farm at the same rate, but will determine the land that is "level river bottom -- excellent production"; "level up-land -- excellent condition"; "moderate slope, good sub-soil, good production"; "rolling to moderate slope, some rock, fair"; "hilly, light soil, poor

sub-soil, light production", and so on, Harbour added.

There will be standards to follow on pasture land, on rural homesites, highway frontage, commercial property, and sub-divisions.

"The Rogers Board has long wanted a tax equalization plan that will be fair to all landowners in the district, and they believe this plan will do the job," he continued.

The Board has realized that much work was needed in the district to equalize property values, that some people were paying too much and that some people were not paying their share of the taxes.

"Of course they could have hired an outside expert firm, but so often those experts do more harm in the community than good. This plan of Duke's should be acceptable to all property owners in the district," the superintendent said.

Housing: The Problems; What Can Be Done

(Second in a series based on preliminary study reports compiled by South-West Planning Associates, of Bryan, which is preparing Cameron's comprehensive planning program.)

"Housing is one of the greatest needs if not the greatest need, in Cameron's future," the report states in a section detailing housing problems.

The city has a large percentage, 56.6 percent, of deteriorating and dilapidated housing with the greater portion, 30 percent, located on the west side of town.

The report cites lack of basic sanitation facilities, including sewage and water systems in the study areas with a concentration of substandard housing.

Unpaved streets, no sidewalks, no streetlights, and a general lack of public development normally associated with residential areas are also noted in many areas of the city.

With the exception of a small number (100) of public housing units, low-income families and families of modest means cannot obtain sound houses either as renters or home-owners, the study continued. Elderly people face the same difficulty.

OBSTACLES

The study lists obstacles to overcoming identified housing problems:

1. In Cameron, as in any city with a sizeable low-income population, the normal housing market cannot meet the needs of all the citizens. Financing for low-income housing, either rental or ownership, is difficult if not impossible to obtain.

2. Cameron is a small city and does not have the local resources to launch an effective comprehensive housing program without outside assistance.

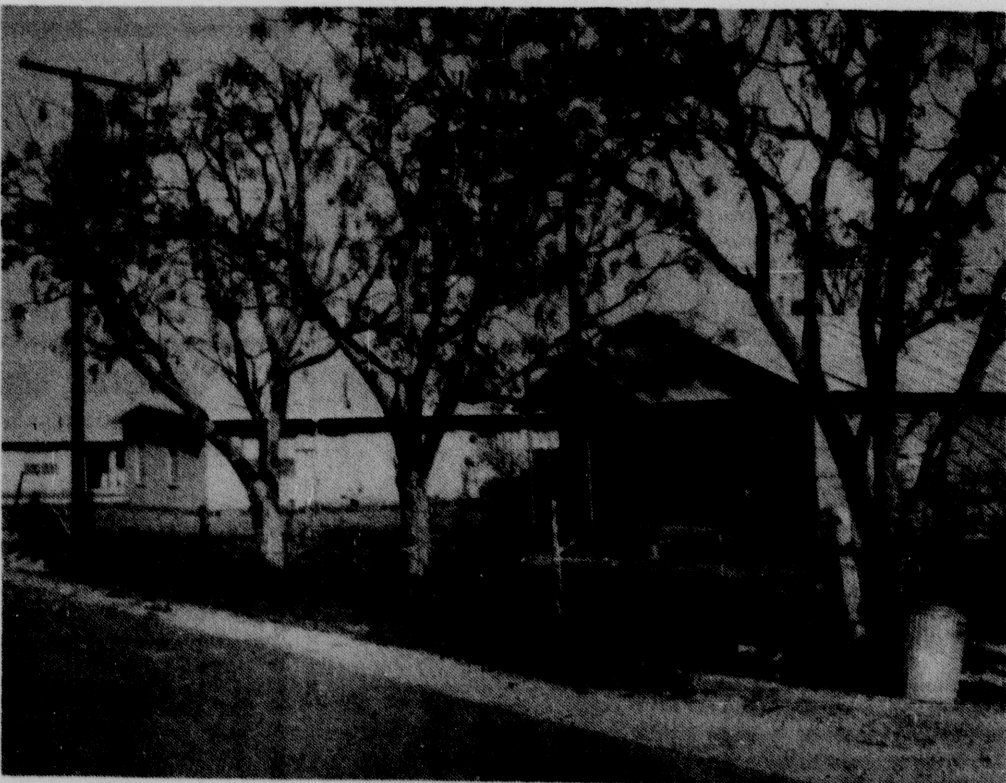

3. Cameron lacks any comprehensive work program or statement of housing goals and therefore is without any framework within which it might attack local housing problems.

Because of the limitations of Federal resources for traditional low-rent public housing, the City cannot rely on the local public housing agency alone to

meet housing needs of Cameron.

4. Housing codes in Cameron are not strongly enforced. Major reason is that many people simply would not be able to afford to bring their homes up to the minimum code requirements without some form of assistance.

5. The City does not currently have a comprehensive community-wide program

HOUSING CONTRAST - An empty, deteriorating house stands in contrast to well-kept public housing units in the background, illustrating one of the city's problems and one of its solutions.

to eliminate existing blighting influences and prevent future blighting influences from occurring.

ACTIONS TAKEN

The study summarizes recent actions taken by various local entities to solve identified housing problems:

1. The recent activity of the Cameron Housing Authority in applying for 100 more low-cost public housing units demonstrates that there is local public concern about the housing situation. (The application was turned down by HUD because of a lack of funds.)

2. Currently the City is having a comprehensive general plan for the community prepared whereby housing can be located in desirable relationships with existing and proposed community facilities and services.

3. As part of the preparation of this general plan, certain administrative controls and implementation measures will be recommended whereby minimum development standards will be required on existing and future housing structures.

4. Cameron is also in the process of applying for recertification of its workable program for Community Improvements, thereby permitting the City to participate in numerous housing and housing-related Federal programs.

5. The City and Milam County are also part of a recently formed multi-county housing authority, currently in the formative stage. This has potential to give assistance to local governments in meeting their housing needs.

WHAT CAN BE DONE

Several concrete steps may be taken by the City and its citizens to overcome

You Can Help....

Yes, Folk Fete is already as big as it was the first year out, and during the next four months, will grow far larger. Put June 11 and 12 on your calendar. That's when it happens. The pilgrimage will be open longer; more live music will accompany the dance groups; additional displays, now gathering from outside the Milam area, will join Milam and Cameron booths and displays; a special sculpture by James Brock already is drawn up. South and Southwest publicity will be broader. Five television appearances are scheduled in early June prior to all the festivities. This thing is getting big, big, big.

You have talent, a special interest or perhaps just enthusiasm. Make it or these available to Folk Fete planners and leaders. It will be even more fun, more people, more fascinating to those who saw some 4,000 to 5,000 visit the 1970 effort. There is a place in this production for your interest and background. Music groups fitting the special ethnic dance groups are being lined up. Perhaps you can play an instrument, build a float, raise a booth, sell a ticket, guide a tour, sew a costume. The point is: Cameron is doing something. And you can help build this effort to one of the unique Fetes of Texas and the Southwest.

'Bible Belt' Expands...

"Bible Belt" Baylor is changing its image fast with demonstrations of Lunar rock and presentations of French troubadour singers and various rock groups these days. Church-based universities and colleges are numerous in Texas and are pushed to compete with tax-supported institutions. But the tax-supported schools are stretched by demands and increased costs too. But relevance to what is going on now is obviously part of the scene, whatever the school and wherever its location.

Times truly change. And there is no question that unless systems and institutions of all kinds make a place in the public mind for their performance in the 1970s, some other system or institution will be more successful. Success is not so much economic in the view of college and university students. It is "involvement" and meaning in a sincere spirit of social consciousness, space expansion (so far as man is concerned) and personal values. The Bible Belt expands.

The Diplomatic Pouch

Choosing an Ambassador
Could you explain to me the procedure by which an American ambassador to a foreign country is chosen?
M.L.B.
Ogden, Utah.

Dear M.L.B.:
The President has the sole responsibility for the choice of ambassadors, his personal representatives abroad. He seeks the best qualified candidates from the Foreign Service as well as from the ranks of business, industry, and the academic community. Private citizens may make recommendations of qualified candidates to their Congressional representatives, who in turn make them known to the President through his staff. After the character, experience, and achievements of a prospective ambassador have been thoroughly reviewed to be sure that he is qualified to represent this country abroad, the U.S. Government verifies that he is acceptable to the foreign government to which he would be accredited. As of July 1970, only 35 of out 109 ambassadors were non-career people. The other 74 were Foreign Service Officers who had worked their way up through the ranks, in com-

petition with other officers. The foreign language ability of our ambassadors is a topic of interest for many Americans. As the President must take into account many other qualifications in making ambassadorial appointments, language ability is not an overriding consideration. In general, a good command of the local language is desirable and useful. However, other considerations sometimes preclude the assignment of multilingual ambassadors to certain posts. In any case, our embassies have highly trained interpreters who assure effective communications for ambassadors who are not fluent in the local language.

Corn Islands
Could you tell me what the present status is of the Corn Islands, located off the coast of Nicaragua?
O.P.
Orlando, Fla.

Dear O.P.:
Great and Little Corn Islands belong to Nicaragua, and are located 30 miles off the Caribbean coast of that Central American country. In 1914 both those islands were leased from Nicaragua by the United States for a period of 99 years under the terms of the Bryan-Chamorro Treaty, which also gave the United States exclusive

rights to construct and operate an interoceanic canal through Nicaraguan territory. The treaty stated that the islands were being leased for the defense of any Nicaraguan canal that should be constructed and for the possible defense of the Panama Canal, which was then being completed. Through the ensuing years, however, Nicaragua has continued, with the acquiescence of the United States, to administer and control these islands, and there are no U.S. Government installations or facilities located on them. On July 14, 1970, the Governments of the United States and Nicaragua signed a treaty terminating the Bryan-Chamorro Treaty in all its provisions. This recent treaty has been ratified by the Nicaraguan Government and is currently before the U.S. Senate for its consent to ratification. After U.S. ratification, and upon exchange of the instruments of ratification, the U.S. lease on the Corn Islands will terminate. Do you have an inquiry about U.S. foreign policy? Send it to: "The Diplomatic Pouch" P/MS, Room 4831 Department of State Washington, D.C. 20520

You Don't Say ...

ASKANCE
without some hesitation unless you are thoroughly familiar with its pronunciation, meaning, etc.
ASKANCE, pronounced uh SKAANSS, means with a side glance; sideways; disdainfully; distrustfully.
When you look ASKANCE at something that has been said, you look doubtful, disbelieving, distrustful.
Educated people sometimes look ASKANCE (disbelieving) at the English some people use. Copr. by Adria Allen.

MILAM AREA PARADE OF SPORTS

WINNER SPORT in Milam County includes chasing bobcats and Charlie Shuffield's three beagles ran this one for two hours through the woods near Gause. Shuffield shot the cat after it tried to jump on his hunting companion. He says he usually runs bobcats just for the fun of it and this was the first time he'd killed one.

Ceremony Unites Laffere- Farrell

Miss Katherine Elizabeth Farrell and Mr. Laurence William Laffere, II, were married at 6:30 p.m. Saturday in the Grace Episcopal Church, Vernon, Rev. James F. Rubanks officiating.

The bride is the daughter of Mr. and Mrs. Roy Farrell of Vernon and Mrs. Kay Martin-dale Farrell of San Antonio. She attended Texas Tech University and will continue her education at North Texas University, Denton, where she will major in elemen-tary education.

Mr. Laffere, son of Mr. and Mrs. Laurence W. Laffere of Cameron, was a 1965 honor graduate of Yoe High School. He received a BBA degree in mar-keting from Texas Tech Univer-sity where he was a member of Phi Gamma Delta fraternity. He is presently an administrative trainee for Chrysler Corp. in Dallas.

Windows of the Grace Episco-pal Church were lined with can-dles intertwined with smilax for the Saturday evening ceremony. Silk rope and greenery marked the bridal aisle and Altar urns contained arrangements of can-dlelight snapdragons, star-burst mums and gypsophilla.

The bride, given in marriage by her father, wore a gown of candlelight peu de sole accented by ivory lace. The fitted lace bodice had a high neck and the full peu de sole sleeves were cuffed with lace. The court train was voluminous as it swept from the back yoke which was marked with a flat bow.

Her veil was a mantilla of can-dlelight silk illusion which swept over her grain. It was edged with ivory lace matching the lace of her gown. Her bou-quet was a cascade of Japette orchids with stephanotis and candlelight velvet streamers.

Miss Pamela Cameron, the bride's college roommate from Melbourne, Australia, was maid of honor. Bridesmaids were Miss Janice Honea of Tyler, Miss Peg-gy Berry of San Antonio, Miss Sue Ann Sullivan of Vernon, Miss

Diana Hogue of Oklahoma City, Okla. and Mrs. Hugh Hagen of Amarillo.

The bride's attendants were identically attired in long slim-line gowns of royal blue velvet. Their hair ornaments were fash-ioned from gypsophilla and royal blue ribbon trim. Their bouquets were cascades of candlelight star-burst mums and gypsophilla with royal blue velvet stream-ers.

Acolytes were Eddie Eubanks and Donnie Olive of Vernon.

Lex Cairns was ring bearer and Paige Peters of Lubbock niece of the groom, was flow-er girl.

Rob Farrell, brother of the bride, was best man. Grooms-men were Tripp Stroup of Cam-eron, Roy Farrell, Jr. of Ver-non, Paul Rider and Ray Gray of Dallas and Raymond Noble of Houston.

Ushers were Jimmy Bennett of Amarillo, W. R. Gray of Bal-inger, Bucky Weatherby of Ft. Worth and Bill Tayman of Hous-ton.

A reception at Hillcrest Coun-try Club, Vernon, followed the ceremony. The club was dec-orated with smilax and star-burst mums.

The bride's table was covered with an embroidered candlelight cloth and centered with an ar-rangement of candlelight snap-dragons, star-burst mums and royal blue baby breath in a silver candelabrum. Smilax entwined the silver punch bowl and four-tiered ivory cake edged in royal blue.

Brass candelabrum and brass punch-bowl entwined with smilax decorated the table for the groom's cake.

An ivory memory candle with a garland of lilies of the valley was featured on the register table which was covered with a cloth of linen and ivory satin.

Music for the reception was provided by Keith Holder at the piano.

Following a wedding trip to New Orleans, the couple will make their home in Dallas.

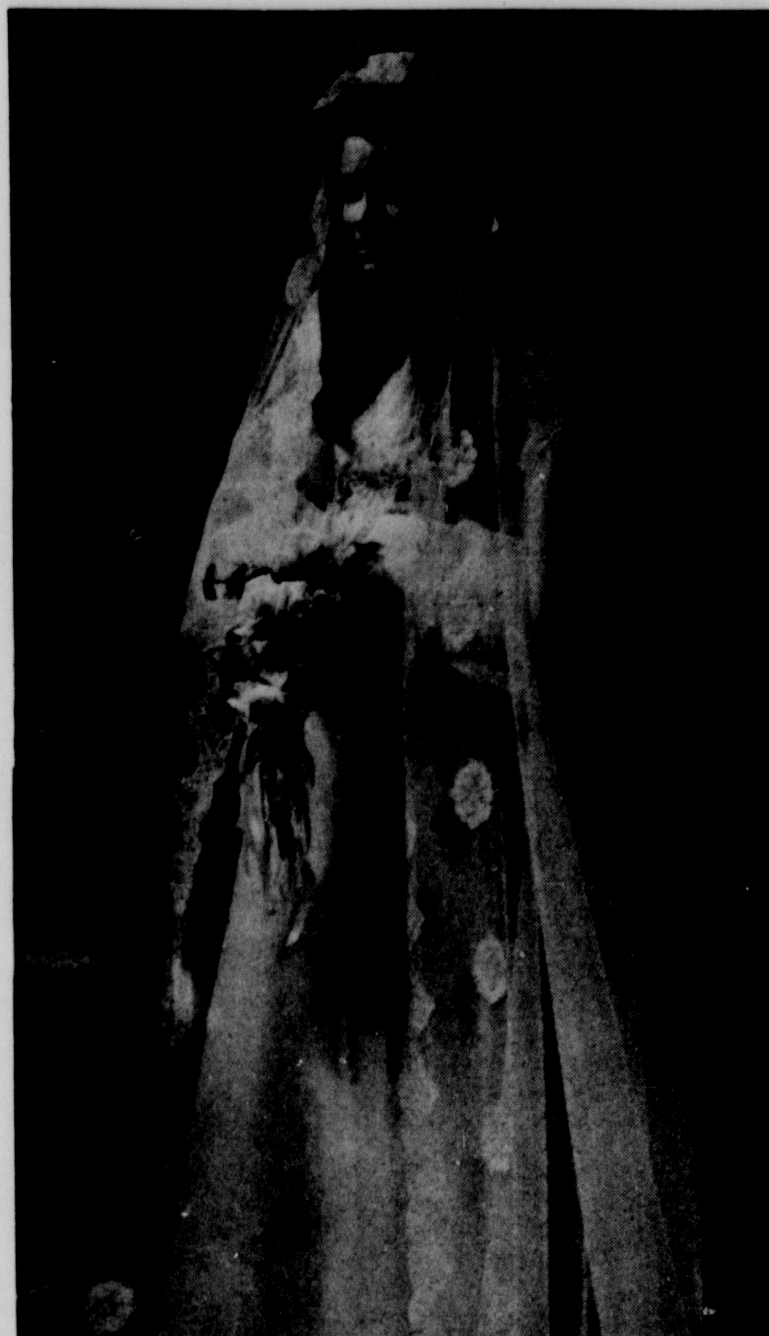

Out of town guests included Mrs. Dewey McElwrath of Cam-eron, Mrs. H. W. Reddehase of Cameron and Mr. and Mrs. Wil-liam C. Peters of Lubbock.

Couple Wed At LaPorte

Miss Bonny Lynn Carter daughter of Mr. and Mrs. Al-bert E. Carter of LaPorte and Mr. Clifford Craig Wallace son of Mr. and Mrs. Cliff E. Wallace, Pasadena were united in mar-riage at the LaPorte Community Church, Saturday, January 9.

Mr. Wallace is the grandson of Mr. and Mrs. Lee Wallace, Sr. and Mrs. Mason W. Long-mire of Minerva, Texas.

Girl Scout Cookies Are Base For Favorite Desserts

Girl scouts in Cameron start-ed a door-to-door and downtown cookie sale Friday and if you haven't been contacted yet, chances are you will be this week. The cookies 60 cents a box and proceeds benefit the General Girl Scout program, according to Mrs. Jim Camp, GS cookie sale chairman for Cameron.

The five varieties of cookies are good as they are, or as the base for the following Girl Scout recipes.

MINTED BROWNIE PIE

Makes a 9-inch pie
14 Girl Scout Mint Cookies
3 egg whites
Dash salt
3/4 cup sugar
1/2 tsp vanilla
1/2 cup chopped nut meats
Sweetened whipped cream (1/2 to 1 cup heavy cream)
Chill cookies in refrigerator a few minutes, if they have been stored in warm places and frost-ing is slightly sticky. Break, cut or roll between fold of waxed paper to even crumbs.
Beat egg whites and salt to-gether until soft peaks form. Gradually beat in sugar, beating until stiff peaks form. Beat in vanilla. Fold in crumbs and chopped nut meats.
Spread evenly in buttered 9-inch pieplate. Bake in slow oven,

325 F., 35 minutes. Cool thor-oughly.
Serve with sweetened whipped cream on each wedge, or spread sweetened whipped cream over top, chill 3 to 4 hours and gar-nish with curls of shaved un-sweetened chocolate.

HEAVENLY COOKIE CREAM

Makes 6 servings
10 Girl Scout Vanilla Sandwich Cookies, plus extra cookies
1 cup well-drained crushed pineapple
1/2 cup chopped dates, or drained maraschino cherries
1/2 cup chopped nut meats
1 cup heavy cream, or 1 pkg. dessert topping mix
1 tsp. vanilla
1/2 tsp. lemon favoring
Roll the 10 cookies between a fold of waxed paper to even crumbs (cream filling mixes with crumbs.) Combine with fruits and nuts. Whip cream or prepare dessert topping mix as directed on package. Fold in flavorings and crumb mixture. Chill. Spoon into dessert dish-es. Set a vanilla or chocolate sandwich cookie on edge into each serving with insignia and "GS" letters on full view.
Makes 6 servings.

COOKIES 'N FRUIT

Turn a 22-ounce can of cherry pie filling into 8-inch pieplate. Press 6 to 8 Vanilla Sandwich Cookies slightly into surface. Heat in 400 F. oven until bub-bling, 15 minutes. Spoon into dessert dishes, with cookies on top of each serving.
Serve warm with cream. Makes 4 to 6 servings.
Chocolate Sandwich Cookies are delicious with peach or pine-apple pie fillings.

APRICOT WHIP

Use stewed dried fruit sweet-ened to taste
1/2 tablespoon plain gelatin
3 tablespoons cold water
1 cup hot apricot syrup
3/4 crumbled Butter Flavored Shorties
1 cup whipping cream
12 stewed apricot halves
Soften gelatin in cold water; add to hot syrup and stir until dissolved. Cool and chill. When slightly jellied and beginning to set, whip until light and fluffy. Fold in crumbled cookies and whipped cream.
Place the apricot halves in bottom of mold and stand Butter Flavored Shorties around the edge. Pour in gelatine mixture and chill until firm.

COOKIE SOUFFLE

Using Butter Flavored Shorties
1 cup scalded milk
12 cookies -- broken
1/2 tsp. vanilla
4 egg whites
pinch of salt
Pour milk over cookies, add well beaten yolks and cook in a double boiler until thick. Cool.

Pre-Nuptial Parties Fete Bride

A series of prenuptial parties in Vernon honored Miss Kath-erine Elizabeth Farrell before her wedding Saturday to Mr. Lau-rence Laffere of Cameron.

Mrs. Robert Lee Wilson, Mrs. Evans Mason and Mrs. Judith Cairns were hostesses for a luncheon at Hillcrest Country Club honoring the bride-elect. A spice and recipe party was held at the home of Mrs. Jim Hughes with co-hostesses being Mmes. Bob Huntley, Fred Palm-er, Howard Cook, Ney Sheridan, Jr. and Lawrence Ratliff.

A kitchen shower was held at the home of Mrs. Van Earl Sams with co-hostesses being Mmes. Wilson Herring, J. J. Slaughen-hop.

At the home of Mrs. Joe Gar-rison an informal tea party was held with co-hostesses Mmes. Charles McCrary, Taylor Dab-ney, James Eaton and Carroll Kirby. Rice bags were made of royal - blue dyed rice and ivory set with sprigs of lilies of the valley.

A bridesmaid luncheon was given by Mrs. Billy Thorne, Mrs. G. F. Hemphill, and Mrs. Ray-mond preceding the wedding at the Clovis Room at the Hillcrest Country Club.

A champagne party preceding the rehearsal dinner was given by Mrs. Fred Hanna and Mrs. Joe Jones, Jr. at the home of Mrs. Fred Hanna honoring the bridal party and out of town guests.

The rehearsal dinner was host-ed by the bridegroom's parents, Mr. and Mrs. Laurence Laffere, at the Hillcrest Country Club Friday evening. An arrangement of candlelight snapdragons, star-burst mums and royal blue gyp-sophilla was featured on the head table.

Housing

FROM PAGE 1

the obstacles to the solution of local housing problems, according to the planners.

One would be extending the city's urban renewal program to its most blighted residential areas. Low-income families and individuals may receive grants to rehabilitate homes in Urban Renewal Areas under Section 115 of the Housing Act of 1949.

Another feasible means would be a Comprehensive Code Enforcement Pro-

gram as authorized by Section 117 of the Housing Act. Cities with population under 50,000 are eligible for grants up to 3/4 of program costs incurred in restoring the stability of essentially sound neighborhoods within which at least 20 percent of the houses have code violations.

Eligible project expenses include planning, administration, and such improvements as streets, sidewalks, curbs and gutters, lighting work, landscaping, plants, signs, and fire and police com-

munication systems.

ELIGIBLE FOR FHA

With the total population of Cameron below 5500 according to the 1970 Census, the City is now eligible to participate in the Farmers Home Administration rural housing loan program.

Under the program, loans are available to non-profit organizations to develop subdivisions, and to individuals or organizations for developing rental housing.

The FHA program covers nearly the whole housing field, and next week The Herald will detail various aspects of the program.

New Approach To Giving Confronts Episcopal Diocese

HOUSTON

A new approach to giving will confront the expected 1200 delegates to the 122nd Annual Diocesan Council of the Episcopal Diocese of Texas, meeting in Houston's Astroworld Hotel, February 4-6.

The Missionary Quota Budget, which supports the major works programs of the Episcopal Church in a 57-county area, has

been changed to Askings, a shift "from law to love" according to finance chairman, Houstonian Howard T. Tellepsen.

The Council will be asked to support a "realistic budget", little changed from the actual 1970 missionary quota budget, and totalling \$648,837. It includes \$15,000 to be spent for new work in the diocese and a \$6,300 yearly

minimum salary for missionary clergy.

In addition, the Council will be presented with a diocesan budget of \$338,651, approximately the same as the one approved last year. Primarily, this covers administrative expenses of the diocese including bishops salaries, cost of the Texas Churchman and office and secretarial expenses.

BUSINESS REVIEW

Prices Are Reasonable At Lewis-Chili Shoe Store

"Brand shoes at reasonable prices has been our ladder of success."

Thus does Chili Manning, 43 years a veteran in retail shoe sales and shoe store management, sum up the reason Lewis-Chili Shoe Store maintains volume and price with changing public demands and styles.

In fact, Chili has been selling shoes or managing and merchandising shoes as an associate in Lewis-Chili stores for 37 years. That is a record for shoe retailers in Milam County, perhaps even for a wider area in Central Texas.

Red Goose, Rand and "Miss Wonderful" are famous brands which are every-day stock merchandise in the Lewis-Chili Shoe Store, at 109 South Houston, downtown Cameron.

These famous names mean shoes for the entire family. Lewis-Chili is the only strictly family shoe store in Cameron and perhaps Milam County.

Chili Manning's 43 years in the shoe business amount to a lifetime of serving the footwear needs of two generations of Milam Countians: Father, Mother, brother and sister, at every age.

Lewis-Chili recently installed a modern display for updating part of the store. Other improvements continue as time and investment capital permit.

Assisting Manning at the Lewis-Chili Shoe Store are Mrs. Josie Janek, serving customers at the store for 24 years, and Mrs. Oma Rogers, a retail shoe sales clerk for 18 years, full or parttime.

Manning emphasizes Lewis-Chili Shoe Store is by this experience an old, established shoe store that keeps up with the times.

His emphasis on service and reasonable price keep customers coming back and keep Manning and his staff busy, building a newer ladder of success.

I. T. Gilbert Is A Top Salesman For Mutual Of Omaha

You win the Master Builders Club award by top salesmanship and service with Mutual of Omaha.

That is just what Ivey T. Gilbert, Milam County representative of the famous insurance company, delivers.

He is one of Mutual of Omaha's top 12 salesmen in the country, cited January, 1970, as a member of the Master Builders Club of Mutual of Omaha Insurance and its affiliate, United Benefit Life Insurance Company.

He won similar recognition in a plaque presented in January, 1968.

Gilbert is a sales and service representative for Milam County, a responsibility he has held for five years. He has a total of 13 years experience in the insurance sales field.

Four times a year he joins with other representatives of Mutual of Omaha in study course and seminars to update information on today's service needs for both companies and what other companies are offering.

So Gilbert's presentation is timely. And a Mutual of Omaha policy pays and pays and pays, because, he points out, of one clause.

It is a reoccurrence clause no other health and accident company provides which can be used over and over and over for the same disability. Gilbert cites one policy holder's experience in which the man received \$15,000 for one disability for recurring health problems due to the one deficiency.

Born in Buckholts, Gilbert graduated from Sharp High School, before it was consolidated about 15 years ago. He is married, and he and wife Pat have three children Ronald, 16, Brenda, 13, and Donna, 10. The Gilberts live on West 22nd Street where he also offices. His business address is P. O. Box 63, Cameron.

His awards for production of new policy applications and dollars collected assure the policy buyer, either in health and accident or life insurance, that Ivey T. Gilbert can serve you well.

LOYALTY

Loyalty--it costs little or nothing, yet it is priceless when attained. Whether for a cause, for a person, for a business, or for a product--loyalty must be earned through quality, performance, reliability!

We have striven towards earning your loyalty by serving you in a manner which would be deserving of your loyalty. The reliability of our personnel, of our products, of our services are all geared to win your loyal patronage. Ours is an awareness that loyal customers are truly our most prized possessions.

I. T. GILBERT Cameron Texas 697-6766

'Handicaps' Can Be Conquered Says Golf Champ Arnold Palmer

By ARNOLD PALMER
Honorary National Chairman
The National Foundation-
March of Dimes

Wouldn't it be great if medical science could be as successful in wiping out birth defects as it was with polio!

I have joined forces with the March of Dimes in the campaign to do this because I know of the good these people have done and the worthiness of their programs to help children born with defects.

I have seen my father, who was afflicted with polio at a very young age, live a completely normal life without encountering any real setbacks. He is still hard at work, though in his mid-60s, and still plays a pretty good game of golf.

A lot of children born with defects can overcome their handicaps and lead something close to a normal life if given the proper help. That is certainly one goal. But the mental part of being healthy is as important as the physical part, and it was that part that impressed me about Marty Mink Mack, the national poster child for the March of Dimes.

Living With Handicaps

Marty and I met when we worked together shooting a film for the 1971 March of Dimes campaign drive. There is quite a bit of difference between my father and Marty. Marty's handicap is far more serious. He was born without arms and with a hip defect that made his left leg three inches shorter than his right.

In my father's case, polio left him with a limp but no other severe physical handicap. He reacted normally, I think, to the fact that he would have to live with his handicap and decided to make every effort, physically and mentally, to overcome it. He has done so and I feel that taking this attitude at the start made it a lot easier for him.

This will be a lot harder for Marty, particularly as he grows older. So far, in the short time that I have known him, he seems to be able to handle his problems pretty well, which is a good sign for the future.

DETERMINATION is what it takes to overcome handicaps and prevent birth defects, says golf great Arnold Palmer, Honorary National Chairman for the March of Dimes.

Marty seems to have accepted with very little difficulty the fact that he is crippled and will be handicapped for the rest of his life. The first thing for a person with a handicap to do is to recognize that fact and what goes with it and make the very best of it. Marty has done this totally.

Making Those Putts

In fact, he seems to recognize and accept his situation much better than people who become handicapped later in life. One thing that is involved is the way people react to someone who is handicapped. Adverse reactions could easily get a youngster like Marty down a bit and perhaps lead him to put up a barrier between himself and others. I don't believe Marty has done this.

When we worked together making the film, I saw in Marty a determination to do all that he was asked to do. He was determined to make those putts. It's something a good golfer must have—determination to play to the very best of his ability. You can't take a

half-hearted, disinterested attitude onto a golf course and play up to your ability.

I think that those of us who are trying to help Marty and other children handicapped by birth defects must anticipate that these young people are bound to have some difficulties in adjusting to their predetermined roles in life. Yet, at the same time, I don't think that these people want pity. They want to build up confidence, that they can help themselves to some degree, as much as is physically possible.

It is the same with a golfer. You show me a golfer who is a winner and I'll show you a person who feels in his mind that he can make the difficult shots, cope with the pressures of the competition and defeat the course or the opponent.

That's how we have to feel about birth defects. Everybody in America and the world should be concerned with and support the efforts of the March of Dimes and its thousands of volunteer workers. You never know when the diseases and other causes of birth defects might strike home.

Sharp, Tracy, Friendship

By Mrs. Leroy Guillote

I just don't see how time goes so fast. This school year is already half over with. And as bad, Harry's leave is over and he leaves Friday from Temple and will fly to Jacksonville to visit kin and friends, then back to Puerto Rico.

Kinda bad to have two sailors home so close together, and goodness knows when another one will be home. Harry has played lots of forty-two, visited school and many friends, and even had to take Richard in twice to Scott and White Hospital.

Yesterday the pin was taken out of Richard's finger, so perhaps a time or two more will end the many trips to Temple. The good, with the bad, even if I will miss the sailors.

Charles has received his orders, and in three weeks he will finish his school in Pensacola and will go to Puerto Rico, where

he will work the same place as Harry.

Due to Mr. Rome Shelton's long illness, he and his wife decided to move together to a rest home in Temple. Friendship cannot help but feel sad, for this wonderful, courageous pair.

Mr. and Mrs. Elvin Walker of Port Arthur enjoyed several days in their Friendship country home.

Mr. and Mrs. Horace Styx of Galveston visited with her sister, Mrs. Alice Rhodes, several Friendship friends, and with us Guillotes.

Mr. and Mrs. Clifford Barton of Gilmer are visiting her sister, Mr. and Mrs. Howard Coffman. Mr. and Mrs. Jimmy Coffman and daughters of Austin and Mr. and Mrs. Thiele of Taylor also were guests recently of the Coffmans.

Mr. and Mrs. Gerald Sowders and family visited his grandparents in Brownwood.

Mrs. Wavy Charles is home after a long long visit with her son and family. Mr. and Mrs. John Charles and sons in New York. Mr. and Mrs. Odell Charles of Austin were with Odell's mother, for Church services at the Tracy Methodist Church Sunday.

Mrs. Wayne Lawrence is a patient in the Richards Clinic and Hospital following surgery Monday.

The Bible Study was held Wednesday night at Mr. and Mrs. D.C. Drummonds, Jr. Lots of interest has been shown in the bible study, and so they will continue, with visitors welcomed.

Mr. and Mrs. George Triggs had Mrs. Bob Pace of Dallas as a guest.

Centex Trail Riders Plan Treat For RR Children

ROCKDALE

Some 90 children of the Texas Baptist Orphan's Home in Round Rock will be treated to wagon rides and a chuck wagon lunch on Saturday, Feb. 6.

Sponsoring the event will be the Central Texas Trail Riders Association, which is headquartered in Rockdale, and the Texas Capitol Trail Riders of Austin.

Archie Graham of Rockdale, trail boss for the Centex Riders, and Ralph Hawkins, Capitol Club trail boss, said five horse-drawn wagons and a chuck wagon will be on hand for the event.

Following the children's rides, the Centex trail riders will begin their annual six-day horseback

ride to San Antonio where they will take part in the downtown parade opening the annual San Antonio Stock Show and Rodeo on Feb. 12, Graham said.

Trail ride queen is Martha Lynn McDermott, daughter of Dr. and Mrs. Lyle McDermott of Cameron.

The riders will spend Sunday night at Austin and Monday night at Kyle, where a big Western party is planned. Tuesday night camp will be made at the Red Barn in San Marcos.

Night camp will be made at Schertz Wednesday and riders will arrive at San Antonio Thursday.

Obituaries

Mrs. Ernst

Mrs. Annie Koehler Ernst, 85, of Rockdale, died Wednesday afternoon in a local nursing home after an illness of several weeks.

Mrs. Ernst was born Nov. 18, 1885 in Colorado County. She was married to C. F. Koehler in 1907. He died in 1918 and she remarried April 6, 1929.

Funeral service was at 1 p.m. Friday at Phillips and Luckey Funeral Home in Rockdale, the Rev. Gary E. Mayer officiating. Burial was in the Deanville Cemetery.

Surviving are three sons, C. C. Koehler of San Angelo, F. F. Koehler of Rockdale, and T. A. Koehler of Cameron; a daughter, Mrs. Alma Amis of Oregon; a sister, Mrs. Clara Brinkmann of Caldwell; ten grandchildren and 18 great grandchildren.

College Notes

TJC DEAN'S LIST

These area students are listed on Temple Junior College Dean's List for the last semester:

Beverly J. Beinbauer of Rosebud, Russell Chupik of Rogers, Jerry Haisler of Buckholts, and from Cameron, Gayle Harper, Charlene McDermott, Sharon Jones, Julia Ann Vaculin, and Gloria A. Vasquez.

OKLAHOMA UNIVERSITY

Charles E. Michalka of Cameron earned a place on the University of Oklahoma fall semester honor roll.

HENRY ABEL

Henry William Abel, Jr. son of Mr. and Mrs. Henry William Abel of Cameron has been named a distinguished student in veterinary medicine at Texas A&M University, announced Dean Alvin A. Price.

Abel is a third-year student in the College of Veterinary Medicine professional program.

Distinguished student status is awarded students who earned a 3.25 or better grade point ratio out of a possible 4.0 during the fall trimester, Dean Price explained.

Ag Leaders To Review County Pilot Farm Plan

By John E. Snell, Assoc. CAA

Agricultural leaders from two states will visit Milam County on February 3 to review the Intensified Farm Planning Program.

This is a special pilot program conducted in ten Texas counties to test the use and effectiveness of Program Aides working with small farmers on an intensive basis.

This program was started in Milam County on April 3, 1969.

Visiting Milam County from the state of Minnesota will be Harlund G. Routh, associate director of Extension; Paul Hargbargen, Extension economist; Ed Becker, district supervisor, and Sherman Mandt, concerted services director.

Visiting from the state of Illinois will be Porter Martin.

Dr. Charles Beer from the U.S.D.A. Extension Service at Washington, D.C. will also review the program.

The group will be accompanied to Milam county by the following Texas Extension Service personnel:

Tom Prater, farm management specialist; Howard Ladewig and

Dr. Vance Edmondson, sociologists; John Burleson, district agricultural agent; Dempsey Seatrunk, farm and home development specialist; Michael Sprott, farm management specialist; Herbert Roberts, agricultural program aide from Falls County; and James Denton, area farm management specialist.

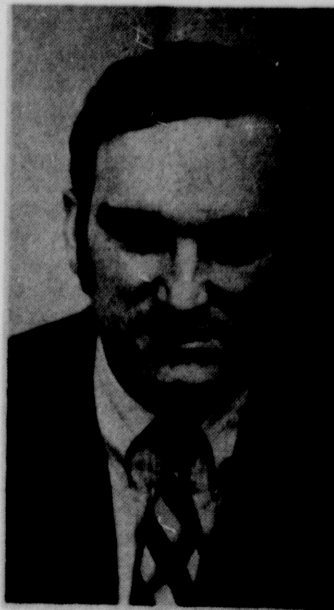

The group will meet in the assembly room of the First National Bank in Cameron at 9:30 a.m., Wednesday, February 3.

The pilot program concentrates on helping low-income farmers achieve better results with individual help of program aides.

Ezra Johnson, Milam County program aide, will show slides and give reports of the progress of the program in the county.

Also participating in the review will be J. D. Moore, Milam County Agent, and John Snell, Associate County Agent.

The meeting is open to the public.

NEW AT ALCOA - F. E. "Fran" Novak, native of Unlontown, Pa., has just transferred from Aluminum Company of America's Cleveland (Ohio) Works to Rockdale Works as a Senior Industrial Engineer.

LEGAL NOTICE

THE STATE OF TEXAS, ET AL VS. CLARA MAE WASHINGTON, ET AL. TO: CLARA MAE WASHINGTON, GEORGE THOMPSON, FREDDIE LEE WASHINGTON, AND FRANCIS VIRGINIA WASHINGTON, WHOSE RESIDENCE IS UNKNOWN, OR IF THEY BE DECEASED, THEIR HEIRS AND LEGAL REPRESENTATIVES, WHOSE NAMES AND PLACES OF RESIDENCE ARE UNKNOWN.

You are hereby commanded to appear at the hearing before the Special Commissioners appointed by the Judge of the County Court of Milam County, Texas, to assess the damages occasioned by the condemnation of the hereinafter described property, to be held in the County Courtroom of the Milam County Courthouse in the City of Cameron, Milam County, Texas, at 10:00 o'clock A.M., on the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say 10:00 o'clock A.M., on Monday the 22nd day of February, 1971, and answer the petition of the State of Texas and the County of Milam, Plaintiffs, in the suit styled THE STATE OF TEXAS, ET AL VS. CLARA MAE WASHINGTON, ET AL, wherein the State of Texas and the County of Milam are Plaintiffs, and Clara Mae Washington, George Thompson, Freddie Lee Washington, and Francis Virginia Washington, whose residence is unknown, or if they be deceased, their heirs and legal representatives, whose names and places of residence are unknown, are Defendants, which petition was filed with the Judge of the County Court of Milam County, Texas, on the 21st day of December, 1970, and the nature of which suit is as follows:

The Suit is a proceeding in eminent domain in which the State of Texas and the County of Milam is condemning, at the request of the The State of Texas for highway and right of way purposes, which are public purposes, the following described tract of land situated in Milam County, Texas, to-wit:

Being 0.022 acres of land, more or less, out of and a part of that certain 1.394 acre tract of land lying and being in the A. W. Sullivan Survey, Abstract No. 1, in Milam County, Texas; said 1.394 acre tract being the same land described in a deed from G. A. Minter, et ux to George Thompson, et al, recorded in Volume 206, page 447, Deed Records of Milam County, Texas; said 0.022 acre parcel being more particularly described by metes and bounds as follows:

COMMENCING at the northeast corner of the Sug Thompson Estate 0.5 acre tract, same being on the west property line of the A.M.E. Church 1.0 acre tract.

THENCE along the common line of the Thompson and Church tracts South 30° 01' East a distance of 167.5 feet; South 30° 01' East a distance of 9.5 feet to a point on the existing north right of way line of present US Hwy 79.

THENCE along said Hwy right of way line South 52° 42' West a distance of 108.5 feet to a point, said point being the southeast corner of the George Thompson Estate called 1.394 acre tract, same being the southwest corner of the Sug Thompson 0.5 acre tract for the PLACE OF BEGINNING.

THENCE continuing along said Hwy right of way, same being common to south property line of this tract South 54° 02' West a distance of 51.5 feet; South 51° 52' West a distance of 111.9 feet to a point, said point being the southwest corner of the George Thompson Estate tract, same being on the east right of way line of a county road.

THENCE along the west property line of this tract North 30° 31' West a distance of 5.0 feet to a point on the proposed north right of way line of US Hwy 79.

THENCE along the proposed north right of way line North 51° 29' East a distance of 162.9 feet to a point on the east property line of this tract, same being on the west property line of the Sug Thompson Estate tract.

THENCE along the common line of the said Thompson tracts South 37° 44' East a distance of 8.0 feet to the PLACE OF BEGINNING, and

The parcel herein described contains 0.022 acres of land, more or less.

You are notified that said hearing has been set for the above stated hour, date and place, and to appear and answer before said date, do so at the Court Room of the County Court of Milam County, Texas, at 10:00 o'clock A.M., on the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say 10:00 o'clock A.M., on Monday the 22nd day of February, 1971, and answer the petition of the State of Texas and the County of Milam, Plaintiffs, in the suit styled THE STATE OF TEXAS, ET AL VS. STERLING FERGUSON, ET AL, wherein the State of Texas and the County of Milam are Plaintiffs, and Lucy Ferguson, L. V. Ferguson, Dorsey Ferguson, Ferris Ferguson, Laverne Ferguson and Susie Ferguson, whose residence is unknown, or if they be deceased, their heirs and legal representatives, whose names and places of residence are unknown, are Defendants, which petition was filed with the Judge of the County Court of Milam County, Texas, on the 21st day of December, 1970, and the nature of which suit is as follows:

The Suit is a proceeding in eminent domain in which the State of Texas and the County of Milam is condemning, at the request of the The State of Texas for highway and right of way purposes, the following described tract of land situated in Milam County, Texas, to-wit:

Being 0.266 acres of land, more or less, out of and a part of that certain 12.0 acre tract of land lying and being in the Azra Webb Survey, Abstract No. 1, in Milam County, Texas; said 12.0 acre tract being the same land described in a deed from W. G. Covington to Sterling Ferguson, recorded in Volume 50, page 339, Deed Records of Milam County, Texas; said 0.266 acre parcel being more particularly described by metes and bounds as follows:

COMMENCING at the northeast corner of the B. A. Cunningham 10.0 acre tract, same being the most westerly corner of the August Long 50.0 acre tract.

THENCE along the common line of the Long and Cunningham tracts South 31° 16' East a distance of 812.1 feet to a point on the existing north right of way line of the Missouri Pacific Railroad.

THENCE along the existing north right of way line of said railroad South 51° 59' West a distance of 1,828.9 feet to a point, said point being the most southerly corner of the Holt Ward 4.0 acre tract, same being on existing right of way line of the present US Highway 79.

THENCE along the west property line of the said Ward tract, same being common to said Hwy right of way North 65° 31' West a distance of 100.1 feet to the most southerly corner of the Sterling Ferguson Estate tract for the PLACE OF BEGINNING.

THENCE along the southwest property line of the Ferguson tract, same being common to said Hwy right of way North 65° 31' West a distance of 153.5 feet.

THENCE North 51° 59' East a distance of 170.2 feet to a point on the east property line of this tract, same being on the west property line of the Holt Ward 4.0 acre tract.

THENCE along the common line of the Ferguson and Ward tracts South 1° 55' East a distance of 168.6 feet to the PLACE OF BEGINNING.

The parcel of land herein described contains 0.266 acres of land, more or less.

You are notified that said hearing has been set for the above stated hour, date and place, and to appear and answer before said date, do so at the Court Room of the County Court of Milam County, Texas, at 10:00 o'clock A.M., on the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say 10:00 o'clock A.M., on Monday the 22nd day of February, 1971, and answer the petition of the State of Texas and the County of Milam, Plaintiffs, in the suit styled THE STATE OF TEXAS, ET AL VS. AMERICA GRAY, ET AL TO: JERLENE V. MOORE, CLARENCE BRYANT, CHARLES HENRY ANDERSON AND ASIA DOUGLAS LONG, WHOSE RESIDENCE IS UNKNOWN, OR IF THEY BE DECEASED, THEIR HEIRS AND LEGAL REPRESENTATIVES, WHOSE NAMES AND PLACES OF RESIDENCE ARE UNKNOWN.

You are hereby commanded to appear at the hearing before the Special Commissioners appointed by the Judge of the County Court of Milam County, Texas, to assess the damages occasioned by the condemnation of the hereinafter described property, to be held in the County Courtroom of the Milam County Courthouse in the City of Cameron, Milam County, Texas, at 10:00 o'clock A.M., on the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say 10:00 o'clock A.M., on Monday the 22nd day of February, 1971, and answer the petition of the State of Texas and the County of Milam, Plaintiffs, in the suit styled THE STATE OF TEXAS, ET AL VS. AMERICA GRAY, ET AL, wherein the State of Texas and the County of Milam are Plaintiffs, and Jerlene V. Moore, Clarence Bryant, Charles Henry Anderson and Asia Douglas Long, whose residence is unknown, or if they be deceased, their heirs and legal representatives, whose names and places of residence are unknown, are Defendants, which petition was filed with the Judge of the County Court of Milam County, Texas, on the 21st day of December, 1970, and the nature of which suit is as follows:

The Suit is a proceeding in eminent domain in which the State of Texas and the County of Milam is condemning, at the request of The State of Texas for highway and right of way purposes, which are public purposes, the following described tract of land situated in Milam County, Texas, to-wit:

Being 4.073 acres of land, more or less, out of and a part of that certain 50.0 acre tract of land lying and being in the J. N. Barnhill Survey, Abstract No. 1, in Milam County, Texas; said 50.0 acre tract being the same land described in a deed from Mary T. Baker and Dillard W. Baker to August Long, recorded in Volume 313, page 1 and 2, Deed Records of Milam County, Texas; said 4.073 acre parcel being more particularly described by metes and bounds as follows:

COMMENCING at the northeast corner of the B. A. Cunningham 10.0 acre tract, same being the most westerly corner of the August Long 50.0 acre tract.

THENCE along the common line of the Long and Cunningham tracts South 31° 16' East a distance of 651.0 feet to a point on the proposed north right of way line of US Highway 79, said point being the PLACE OF BEGINNING.

THENCE along proposed north right of way line North 51° 59' East a distance of 1612.1 feet to a point, on the east property line of this tract, same being on the west right of way line of a county road.

THENCE along the common line of the Long and Cunningham tracts South 31° 16' East a distance of 651.0 feet to a point on the proposed north right of way line of US Highway 79, said point being the PLACE OF BEGINNING.

THENCE along proposed north right of way line North 51° 59' East a distance of 1612.1 feet to a point, on the east property line of this tract, same being on the west right of way line of a county road.

TEMPLE HIGHWAY

City's Telephone System Growing

In December, Cameron had 3,255 telephones in service, a 4 per cent increase during 1970, C. L. Carson, manager for Southwestern Bell Telephone Company, said today.

"Cameron people talk more, too," Carson said. "In November of 1970 a total of 14,210 calls were dialed here on an average business day. This is a 10 per cent increase over November of 1969."

Reviewing telephone plans and progress, Carson said that for the decade just ended Cameron's telephone system grew by more than 912 telephones -- a 39 per cent increase over the 2,343 phones in use here at the end of 1960.

Carson said it appears growth and expansion will continue to be a way of life for Cameron's communication system.

"Our engineers are predicting that the city will have 4,150 telephones in service by the end of 1974," he said.

Carson said a \$114.1 million construction budget has been set for the company's San Antonio Area, of which Cameron is a part. The area covers the western half of Texas, extending from Amarillo to Brownsville and from Waco to the Big Bend.

"The construction program includes land, buildings, central office equipment for local and long distance, new telephone growth and outside plant construction, such as cable and conduit installation," he added.

MARKET REPORT

Receipts of cows and calves totaled 640 at Cameron Livestock Auction Thursday, compared to 700 last week.

Slaughter cows were 50 higher, slaughter bulls and calves steady. Feeder steers and calves were 50 to 1.00 higher.

Feeder helpers and heifer calves 1.00 higher.

An upturn has been present for the past three weeks, with demand good. Buying attendance was normal, with several new buyers present. Run included around 85 percent feeder cattle and calves, remainder slaughter classes. Stock cows and calves were 2.00 - 5.00 higher.

Some prices paid were:

Slaughter cows, utility and commercial 19.50 - 21.00; cutters 18.00 - 19.50. Slaughter bulls, u and c 26.60 - 30.00; slaughter calves good 30.00 - 31.50.

Feeder steers choice and prime 46.00 - 49.50; choice 42.50 - 46.00; feeder helpers choice 34.00 - 38.75; feeder bulls 26.50 - 27.80.

Stock cows, choice and good heavy springing heifers 24.25 - 26.75; cow and calf pairs choice 24.00 - 29.00.

Hog receipts totaled 437 with barrows and gilts 50-75 higher. US 1-3 brought 17.00 - 17.60. Sows were steady to weak, 1-3 brought 12.50 - 14.50. Boars 7.00 - 8.00.

By the year 2000, an estimated 80 percent of the United States population will live in large urban areas covering about 340,000 square miles.

Harlem Globetrotters

Will Appear Feb. 11

At A & M Coliseum

COLLEGE STATION
A sports spectacular that has drawn huge audiences four straight years returns Feb. 11 to Texas A&M's G. Rollie White Coliseum.

It's the group preceded onto the roundball court by the strains of "Sweet Georgia Brown" -- the laugh-per-bounce Harlem Globetrotters.

The Trotters will trot onto White Coliseum hardwood as a TAMU Special Attraction, one of the year's bonus features arranged by the Town Hall Committee of the Memorial Student Center.

Town Hall chairman William S. Leftwich noted that all patrons for the game must have separate admission tickets for this event. They are on sale at the Student Program Office in the MSC.

Meadowlark Lemon and his zany cronies tip off against the New Jersey Reds at 8 p.m.

Tons Of Cans Collected In 'Yes We Can' Project

More than three million cans have been reclaimed for recycling from the Dallas / Fort Worth area during the first two months of Aluminum Company of America's "Yes We Can" program, according to Alcoa's local coordinator Mike Swearingen.

Swearingen said, "We are extremely pleased by the response of Dallas/Fort Worth citizens to our reclamation and recycling program. They have collected more than 75 tons of scrap aluminum cans in this brief period. "We have paid over \$15,000 to organizations and individuals who have been bringing in the cans. This supports our contention that aluminum -- 100% recyclable -- is the ideal packaging material.

"In addition to being compatible with food and beverages at \$200 a scrap ton, it is by far the most valuable material found in any significant quantity in the solid waste stream. This makes it worthwhile for concerned citizens to redeem empty aluminum cans," he added.

The "Yes We Can" program has 17 manned Reclamation Centers in the Dallas/Forth Worth area where the crushed aluminum cans may be redeemed at ten cents a pound.

During 1970, Alcoa paid collectors more than \$90,000 for over 18 million scrap aluminum cans. Alcoa's program is also operating in San Diego, Calif. and the company is planning to expand the reclamation program to the Evansville, Ind. area early this year.

After the cans are collected at participating shopping centers, supermarkets and beer distributors in the Dallas / Fort Worth area, they are crushed and baled by the American Iron & Metal Division of the Commercial Metals Company.

Huge 700-pound bales, with about 14,000 cans each, are then loaded into boxcars and shipped to Alcoa's Warrick plant near Evansville, Ind. for remelting and recycling into rigid container sheet.

Milam Duo Chosen For Presidential Classroom

Two Rockdale High School students will attend the 1971 Presidential Classroom for Young Americans in Washington, D.C. in March.

Rebecca Luckey, daughter of Mrs. Don C. Luckey of Rockdale and Randall Graves, son of Mr. and Mrs. Rufus Graves of Sharp were selected for the sessions. Miss Luckey is scheduled to go March 13-20 and Graves will attend the week of March 20-27.

The Milam County teenagers will be among selected seniors from high schools throughout the U.S., its territories and the Department of Defense and Department of State dependent high schools abroad to attend the Classroom program.

Six of the week-long sessions will be held in 1971 with 350 attending each.

COUNTY SEES . . . FROM PAGE 1

The remaining 161 cases charged various offenses, with non-support and hot check charges the most popular. A total of 40 non-support cases were dismissed for one reason or another. Often the parents go back together after the charge is originally filed.

Thirty-two swindling with worthless check cases were processed including 23 where the defendant paid a fine and Court costs in addition to the amount of the check. Eight hot check cases were dismissed when we were unable to locate the defendant and one was dismissed for insufficient evidence.

We handled 8 driving while license suspended cases last year. In six of these cases the defendant paid a fine and Court costs and two of these cases were dismissed when we were unable to locate the defendant. Minimum court costs in a County Court case at this time are \$42.

Ten theft cases were handled in County Court, with these dispositions: 4 paid a fine and costs; 1 dismissed -- unable to locate defendant; 4 transferred to Justice Court; and 1 dismissed for insufficient evidence.

Aggravated assault on a female was the offense charged in 6 different County Court cases during 1970. Three of these were dismissed for insufficient evidence; one defendant paid a fine and costs; one was dismissed at the complainant's request; and one case was transferred to Justice Court.

Aggravated assault on a police officer was also a common charge, with a total of 7 cases. In 6 of these the defendant paid a fine and costs.

Two cases charging the defendant with concealing mortgaged property were dismissed for insufficient evidence. We handled 7 cases charging injuring the fence of another -- one defendant paid a fine and costs and the other 6 cases were dismissed for insufficient evidence.

Nine cases charging the defendant with unlawfully carrying a pistol were disposed of. In five of these cases defendants paid a fine and costs; 2 were dismissed for insufficient evidence and 2 dismissed when we were unable to locate the defendant.

One case charging the defendant with unlawfully discharging a pistol was dismissed for insufficient evidence.

Two defendants were charged with escape from jail. Their cases did not come to trial prior to the time when they were transferred to the Texas Department of Corrections on other charges and these cases were subsequently dismissed.

A fine and court costs were paid by one defendant who was convicted of the offense of threatening to take the life of another person.

One defendant was convicted of the offense of aggravated assault with a motor vehicle. He was sentenced to pay a \$150 fine, court costs and serve 30 days in the county jail. One defendant was convicted of the offense of destruction of public property. Two were convicted of illegal possession of alcoholic beverages.

Possession of dangerous drugs was charged in one case and the defendant was convicted here and paid a fine and costs. One defendant was charged with negligent homicide in the second degree and he was convicted, paying a fine and receiving a one-year jail sentence in the county jail. This jail time was probated during the good behavior of the defendant.

One case that had not been prosecuted before by the current County Attorney was a case charging the defendant with unlawful application of herbicides. A permit is required under some circumstances and the defendant pleaded guilty to a charge of applying herbicides without a permit and paid a fine and court costs.

Two defendants pleaded guilty to the offense of unlawfully carrying a knife and each was assessed a fine and costs.

"Contributing to the delinquency of a minor" was charged in one case where the defendant was assessed a fine and costs. A man from out of the County was charged with operating a commercial vehicle for hire without motor carrier authority in ten separate cases. He pleaded guilty in one case where he paid a fine and costs. The other nine cases were dismissed.

Sour Krauts Play For Rotarians

Cameron Rotarians heard the "Sour Krauts", ensemble from the Yoe High Band, at their noon luncheon meeting Wednesday.

The "Sour Krauts" are directed by Dalton Harbers, high school band director, and includes two trumpets, two clarinets, a saxophone, tuba and piano.

The group was introduced by Henry Ivey, program chairman.

Students Told How To File Tax Returns

Working students got word today on how to fulfill their tax obligations to Uncle Sam from A. P. Andrews, administrative officer, Internal Revenue Service at Temple.

1. A single student earning \$1,700 or more during 1970 must file an income tax return, even if he is claimed as a dependent by his parents.
2. Single students with incomes of less than \$1,700 during '70 and who have had income tax withheld, should file a return to get these taxes refunded.
3. A single student filing a return should claim one exemption for himself, even if he is also claimed as a dependent by his parents.
4. In a community property state, such as Texas, the total combined income of husband and wife ordinarily is considered one-half attributable to each, and the combined tax is usually the same whether a joint return or separate return is filed.

However, in order for parents to claim them as dependents, married students must file separate returns.

High-Ranking Indonesian politicians sometimes consult Badul tribesmen, who claim soothsaying and spell-casting powers, National Geographic says. The cloistered mystics live in remote villages on Java.

Key West was Florida's sponge center until a blight hit the area, National Geographic says. Today sponges are plentiful again and the fishery is slowly reviving.

DWI FINE INCREASED

At the beginning of 1970, the minimum fine recommended by the County Attorney in DWI cases was \$100. In an effort to cut down on the tremendous volume of such cases, the minimum fine recommendation was raised to \$150 on November 1, 1970.

This is the current recommendation of the County Atty. on a plea of guilty in a DWI case. The installation of the breathalyzer machine for testing suspected drunken drivers has been a great help to law enforcement in this County, Henderson said. "We have adequate proof of the intoxication or sobriety of each defendant charged who is willing to voluntarily take the breath test."

INCREASING CASELOAD

"In addition to acting as prosecutor in the County and District Courts," Henderson explained, "I handle the contested cases in the Rockdale and Cameron Justice Courts in addition to representing the people in Juvenile Court and on dependent and neglected cases in the District Court.

"With the rapidly increasing caseload that the County Attorney is now responsible for in Milam County," Henderson stated, "I feel that it is appropriate to furnish certain information concerning the salary paid to the County Attorney."

For 1970, only \$1,842.88 was paid out of County funds on the salary of the County Attorney, Henderson said. The remainder is paid out of funds received from the State since the office is actually that of County and District Attorney.

"The current salary for this office is considerably lower than that paid to any of the prosecutors in the surrounding counties of comparable size," he said.
